Subject: West Fertilizer - Chemicals Information Request

Dr. Herrman,

In order to provide an informed human health and environmental response, the U.S. Environmental Protection Agency is requesting any information your office may have in regard to chemicals (e.g., ammonium nitrate, anhydrous ammonia, pesticides, etc.) that may have been present at the West Fertilizer Company during the recent fire and explosion.

Thank you for your assistance,

Wes McQuiddy
Chief, Emergency Readiness Section
U.S. EPA Region 6 (6SF-PE)
1445 Ross Avenue, Suite 1200
Dallas, Texas 75202-2733
